

# GridtKit48

Liquid Handling Position Grid

## Products with GridtKit48

Xpress Micro Dialyzer MD100

Xpress Micro Dialyzer MD300

Xpress Equilibrium Dialyzer ED300

### EASY HANDLING

- scienova Xpress Dialyzer have an optimal fit
- Free positions in the grid can be used for buffer handling while dialysis

### AUTOMATABLE & EFFICIENT

- High buffer volume
- Simultaneous handling of up to 48 samples
- Tested with automated liquid handling systems (e.g. CyBi®-FeliX)

### APPLICATION FIELDS

- Protein and peptide sample purification
- Sample renaturation
- Re-buffering of protein samples
- In-vitro-translation
- Enzyme activity studies
- Binding studies
